OFFICIAL OFFICERS WARRANT OF MERIT

Every Past and Present Officer Should Have One...

★ Equally appropriate for both Past and Present Legion officers, these impressive warrants are an enduring evidence of official election to Legion office. . . . If you are one of the thousands of Past Post, County or District, Department, or National Officers, or if you are presently serving as an officer, and have not yet received or purchased your Warrant, you are really overlooking something of genuine importance. . . . These official Officers' Warrants of Merit will increase in importance and value as years slip by.

SPECIFICATIONS—Size 16"x 12". . . The data to be filled in includes the individual's name, the office held, the date, etc. . . . This can be done by a local penman or artist, at a nominal charge. . . . Made in four types, one-star, two-star, three-star, and four-star, for Post, County and District, Department, and National Officers, respectively.

Officially Approved by National Executive Committee

Approved by the National Executive Committee, these dignified impressive Officers' Warrants are correct, regardless of whether you are serving as an officer at the present time, or whether your service dates back several years. . . . In each instance, the date of election and service is prominently provided for. Hence the retroactive awarding of Officers' Warrants of Merit by Posts, to their Past Officers, is an approved procedure, which is recommended. . . . Be sure to specify whether a one-star (Post), two-star (County or District), three-star (Department), or four-star (National) Warrant is desired.

Here's your New 1942 Legion Catalog...

This latest catalog of official American Legion supplies continues to feature quality merchandise at exceptionally fair prices although numerous price increases have been necessary because of our inability to obtain certain raw materials. *This applies particularly to membership buttons, badges, novelty jewelry, etc., which previously were fabricated of copper and are now made of sterling (solid) silver.*

We are required to operate on a strictly cash basis by National Convention Mandate. No charge orders can be accepted and all orders, therefore, should be accompanied by remittance in full. Checks or money orders should be made payable to the Emblem Division of The American Legion.

The Emblem Division will endeavor to maintain the same prompt and efficient service which it has always rendered in the past. However, because of the present National situation prices and deliveries cannot be guaranteed. Orders involving merchandise made to special order, such as initiation lamps, trophy cups and flags, should be anticipated in advance and ample time allowed for delivery.

Each individual offering is guaranteed to be free from defective materials or improper workmanship. Your complete satisfaction is, therefore, assured.

We are at your service and it will be a genuine pleasure to accord your order immediate and special attention.

Fraternally yours,

C. G. Morris

POST COLORS

Post colors are now available in only three qualities—one silk and two wool. Silk flags are made of heavy U. S. Government quality banner silk. Both grades of wool flags are made to the same rigid specifications and are identical in every respect with the exception that the Grade B flag is single thickness instead of double thickness material. Both are made of U. S. Government quality wool bunting.

SPECIFICATIONS

SIZE—All Post banners and U. S. flags are 4 1/3 x 5 1/2 feet in size.

DESCRIPTION—Silk U. S. flags are made with embroidered stars and sewed stripes. Wool U. S. flags are made with sewed stars and sewed stripes. Silk Post banners are made of double thickness material with the emblem and lettering executed in pure gold leaf. Grade A wool Post banners are of double thickness material with a painted (oil-color) insignia with gold sateen appliqued lettering. Grade B wool Post banners are identical except that they are single

thickness material. The emblem and lettering appear on both sides with the inscription reading reversely on the back. The double emblem, however, is reproduced (oil-color) on both sides.

MOUNTING—All flags and banners are trimmed on three sides with 2" yellow silk bullion fringe and ornamented with a pair of 6" yellow silk tassels with 9' of yellow silk cord. Each flag is mounted on a 9' polished antique oak pole fitted with a double brass screw joint and surmounted with a 6" solid brass eagle. The equipment furnished with all silk and wool flags is identical in quality and consists of a heavy russet leather carrying belt, oilcloth rain cover, interlined with heavy canvas.

NOTE—*Lettering instructions should be printed or typed to avoid errors in spelling.*

STREET FLAG SETS

► The proper display of the American flag on legal holidays and other appropriate occasions, is a distinct contribution to Americanism. Many Posts have included the sale of U. S. street flag display sets to their local merchants as a part of their Americanism program either with or without a profit. These attractive street flag sets are available in several different combinations, with either the U. S. or Legion flag. Each has been specially selected for quality and durability and in addition, each set is specially priced. Every Post should have a definite flag program and your Post is urged to appoint now a special committee which can take over the details of inaugurating and carrying out a successful sales program.

SPECIFICATIONS—Flags size 3 x 5 feet of high-grade material are the most practical, because of the limited use to which street flag sets are put. In addition, two-piece poles are the most suitable for street decoration. The sets priced below have been carefully selected, and are specially recommended. However, other combinations will be quoted upon application.

DESCRIPTION—Made in two qualities—Grade A and Grade B. Both are made to the same rigid specifications, and are identical in quality and workmanship. The only difference is that the Grade B cap is unlined, and has a less expensive sweat band.

The material is 14-ounce Legion blue uniform cloth. If you want serge, it must be specified by name, for otherwise uniform cloth caps will be supplied.

► **Caps are not carried in stock, but are made only to special order—two weeks' delivery.**

READ CAREFULLY Before Ordering

Check your order carefully before mailing, to make sure that the following important information and data have been given:

1. Correct head-sizes must be specified in each instance—6½, 7, etc. This is important!
2. Be sure one of the two approved types of inscriptions has been specified, in either printed or typed form, to avoid errors. If additional or special embroidery is desired, give full details.
3. Make sure that you have specified quality—Grade A or Grade B.
4. NO C. O. D. SHIPMENTS. Remittance in full should accompany your order.

LETTERING (Important)

A National Convention mandate limits the inscription or lettering on the left-hand emblem side of Post caps to two types—Style 1 and Style 2. It further directs that special identifying lettering and insignia, if required, must be on the right hand or numeral side of the cap. For full details concerning the two approved types of lettering, see the specifications set forth below.

STYLE 1 LETTERING

Post numerals on the right hand side and state name in full on the left beneath the emblem. Using this style lettering, a cap embroidered for a member of Post No. 10, Chicago, Illinois, would carry the inscription, "10 Illinois."

Grade A	\$ 2.40
Grade B	2.15

STYLE 2 LETTERING

Post numerals on the right hand side, and the town name in full with State name abbreviated on the left beneath the emblem. Using the same illustration cited above, a cap, with the Style 2 type of lettering, would be inscribed, "10 Chicago, Ill."

Grade A	\$ 2.80
Grade B	2.50

NOTE: No changes or substitutions can be made in either of the above approved types of lettering. If you want embroidery in addition to either of these approved inscriptions, it is charged for extra at the rate of 5c per letter (not word) or numeral. As an example, if you want the name of your Post, in addition to either of these two approved types of lettering, it must appear on the right hand or numeral side and would be charged for extra, as indicated. The added inscription "John Jones Post" involves thirteen characters and would involve an additional charge of 65c.

As an example, a Department Commander, upon retiring, would discontinue using his special all-white cap, and revert to the all-blue cap, with the official Past Department Commander cap insignia appliqued on the right hand side. Grave Markers have been discontinued, as Government regulations prohibit the use of copper for non-essentials. Grave Markers will again be supplied when regulations permit.

Grave Markers

The official grave marker of The American Legion is now available with two types of rods—the conventional 30" rod, and a shorter, jointed rod, which permits the marker to lie flush with the ground. The marker proper is unchanged, and is still available with cast-on lettering on the back, regardless of the type of rod selected.

The new type short rod Legion marker complies with the latest requirements of cemetery associations and has certain distinct advantages over the conventional 30" type of marker, which has heretofore been supplied exclusively. See sketch at lower right.

This new short, jointed type of rod furnished with the Style B flush-with-the-ground grave marker is interchangeable with the standard marker rod previously furnished. Posts desirous of converting the old type of marker into this latest style can do so by merely purchasing a sufficient quantity of the short, jointed Style B rods.

Note: In ordering be sure to specify style number to insure correct execution of your order.
